#### **2980.5 Notice and Publication for Specific Projects**

(a) The Executive Officer shall publish a statewide announcement of any project or projects requiring architectural, landscape architectural, engineering, environmental, land surveying, or construction management services. Such announcement shall contain, at a minimum, the type of services required, a description of the project, a projected schedule for the project, a description of responsive material that must be submitted by firms not on the Commission's list of pre-qualified firms, and a date before which that responsive material must be submitted to the Commission.

(b) The Executive Officer may, prior to engaging a firm for a specific project, develop and include in the published statewide announcement for the project a list of relevant factors, if any, that may be considered in selecting a contractor for that particular project. Such factors may be considered by the Executive Officer according to the nature of the project, the needs of the State and the complexity and special requirements of that specific project.

(c) The Executive Officer shall endeavor to provide to all small business firms which have indicated an interest in receiving such announcements a copy of each project announcement. Failure of the Executive Officer to send a copy of an announcement to any firm or failure of such firm or firms to receive an announcement sent by the Executive Officer shall not operate to preclude any contract.

#### **2980.6 Estimate of Value of Services.**

Before any discussion with any firm concerning fees for services provided in connection with a particular project, the Executive Officer shall cause an estimate of the value of such services to be prepared. This estimate shall serve as a guide in determining fair and reasonable compensation for the services rendered. Such estimate shall be, and remain, confidential until award of contract or abandonment of any further procedure for the services to which it relates. At any time the Executive Officer determines the State's

(a) After expiration of the notice/compliance period stated in an announcement, the Executive Officer shall evaluate current statements of qualifications and performance data on file with the Commission, together with those that may be submitted by other firms regarding the proposed project, and shall conduct discussions with no less than three firms regarding the Commission's need for services, and the ability of each firm to provide those services to the Commission for the proposed project in a timely manner. The Executive Officer shall then select therefrom, in order of preference, based upon criteria established pursuant to sections 2980.3 and 2980.5, no less than three of the firms deemed to be the most highly qualified to provide the services required.

(b) The Executive Officer shall, in accordance with section 6106 of the Public Contracts Code, negotiate a contract with the best-qualified firm for services at compensation that the Executive Officer determines is fair and reasonable to the State of California. Should the Executive Officer be unable to negotiate a satisfactory contract with the firm considered to be the best-qualified at a price the Executive Officer determines to be fair and reasonable to the State of California, negotiations with that firm shall be formally terminated. The Executive Officer shall then undertake negotiations with the second best-qualified firm. Failing accord with the second most qualified firm, the Executive Officer shall terminate negotiations. The Executive Officer shall then undertake negotiations with the third most qualified firm.

(c) Should the Executive Officer be unable to negotiate a satisfactory contract with any of the selected firms, the Executive Officer shall select additional firms in order of their competence and qualifications and continue negotiations in the same manner until a satisfactory agreement is reached.

a fair and reasonable price for subsequent phases to be later negotiated and reflected in a subsequent written instrument.
